

## SERVICES AND OFFERINGS

Typically before purchasing any product or service, we are given a “menu” with information — and importantly, prices — from which we select. In healthcare, however, the cost and what we’re getting is all-too-often a black box inaccessible to patients.

In effort to make the Tia Clinic offering as clear possible, we created a transparent list of services with their respective price tags so there are no surprises. As our scope of practice expands and evolves, so too will this service list. Can’t find what you are looking for or have a specific question about pricing? Please email [sayhello@asktia.com](mailto:sayhello@asktia.com).

### MEMBER CASH PRICE

If you are uninsured or out-of-network, you can pay cash for services at the Tia Clinic. If you have insurance we do not cover, you may submit claims for reimbursement (and we can help!).

### WELLNESS SERVICES

Wellness services are typically not covered by insurance plans. We discount the cost of wellness services for Tia Clinic Members.

### NON-MEMBER CASH PRICES

Only applicable to wellness services. At this time, you must be a member of the Tia Clinic to access gynecology and primary care services.
